My Brother, Jaime, loves doing sport. He enjoys playing football at the weekends. In addition, he goes swimming twice a week and goes to the gym sometime too. He thinks that doing sport can relieve his anxiety when he has to study for exams and also feels that doing sport is a good way to meet people. This year he is playing football in a town's team, where he has a lot of friends. By doing sport he keeps fit and healthy. Finally exercising regularly helps Jaime keep his spirits high.
