

# Pasado simple

my best trip was when i went to Andalucia with my family. i went with my mom, dad and my brother. we were in the hotel in the marbella center and we swam in the pool of the hotel. we ate in the hotel but too we ate in typical restaurants of zone. the food that i liked more was the "migas". in the evening we went to the beach and we were until the hour of dinner and we had dinner in the hotel. At night my brother and i went to disco and we met people of marbella. the next day we went to visit the city and we were shopping and i bought a jeans and a shirt./PS he,she,it "S" does do no,/ PaS ed did ddn't vb normal
