

# Redacción vacaciones barcelona

\*Dear Ana

how are you?

This summer I've gone on holidays to Barcelona with my parents. Barcelona is very nice, but in summer it's hot. In Barcelona there are good beaches. Catalans are a bit serious. I spent a week there. My uncles live there and have a big house in the center. My aunt taught me Barcelona. I've been to many places to eat, in the theater, museums...

In Barcelona there are many very beautiful monuments. There are also many foreigners.

I went to the Palau Sant Jordi and I watched the concert of "El Canto del Loco".

I had a great time.

And your holidays?

Yours sincerely.
